WHY THIS SCHOOL?	<p>2021 QS World University Rankings by Subject (Medicine), the university is ranked at #2 in Australia and at #19 in the world</p> <p>Key benefits of the new program (new curriculum since 2020):</p> <ul style="list-style-type: none"> - Earlier clinical exposure: The program increases clinical exposure and immersion throughout the degree. You will gain hands-on experience from as early as your second week. - Personalized pathways: You will have the opportunity to develop skills in specific areas through elective and selective studies. - Research opportunities: The program integrates a substantial research project in year three over a 14-week period with access to some of the world's leading researchers, institutes and networks. - Pre-internship year: The entire fourth year of the program acts as a pre-internship, giving students full clinical immersion. 	<p>According to the 2021 QS World University Rankings by Subject (Medicine), the University of Melbourne is ranked at #1 in Australia and at #18 in the world.</p> <p>The MD redesign (launching 2022) will allow you to build your own unique medical degree. Practical time in clinics and research options will start in the first year. The core units will be available online, allowing flexibility. And discovery subjects offer a chance to explore a wide range of topics or deep dive into a future speciality—giving you the choice to learn extra skills and even take part in a joint degree. https://vimeo.com/376958791 (watch this to learn more)</p>
NUMBER OF YEARS	4 (graduate-entry)	4 (graduate-entry)
PRE-REQUISITE REQUIREMENTS	None	None (starting 2022)
APPLICATION REQUIREMENTS	<ol style="list-style-type: none"> 1. Bachelor's Degree 2. MCAT 500 minimum (Jan 2019 - May 2021) - after meeting GPA requirement, assessed against MCAT scores 3. no interviews for 2022 intake but if equally ranked students, may use interview or situational judgement testing. <p><i>Online Learning Module</i> <i>*Assumed knowledge includes anatomy, physiology, and molecular/cellular biology. Sydney Medicine offers a free, interactive online foundational knowledge course designed to support their diverse student cohort. Available prior to the commencement of the academic year and throughout the first year, this course will help you get up to speed with the required biomedical knowledge.</i></p>	<ol style="list-style-type: none"> 1. Completed bachelor's degree You must have a completed bachelor's degree in any discipline with a minimum cumulative GPA of roughly 2.7 / 4.0. In previous years, Melbourne has required prerequisites, but these have been removed for 1–2022 intake. Your GPA is assessed based on your last three full-time equivalent years of your degree. For students graduating with a 4-year degree, your GPA will be weighted by Year 4 x 2, Year 3 x 2, Year 2 x 1. 2. Admissions test You must have a minimum MCAT score of 492; however, due to high competition this year, OzTREKK will only be submitting applications with MCAT scores of 500+. MCAT results from January 2019 to June 2021 will be accepted for the 2022 intake. 3. Interview Candidates are short-listed based on their performance in previous studies (GPA) and their results in the MCAT/GAMSAT. Offers to the Melbourne MD will be made on the basis of a combined ranked list where the multi-mini-interview will contribute 50%, GPA will contribute 25% and MCAT (or GAMSAT) will contribute 25% to the final ranking after interview.
INTERNATIONAL SPOTS	80 out of ~325 total spots	55 out of 340 total spots
ESTIMATED ANNUAL TUITION (\$AUD) <i>cost of tuition can rise 3% – 5% each year of the program</i>	\$86,000 (2022 Fees)	\$88,864 AUD (2021 fees; subject to increase)
OTHER EXPENSES (\$AUD)	<p>The average international student in Australia spends about \$450 AUD per week on living expenses, but this is dependent upon where you are living. Cities like Melbourne, Sydney, and Brisbane are more expensive.</p> <p>Living costs for international students according to the Government of Australia: You – AUD \$21,041; Partner or spouse – AUD \$7,362 <i>Cost of living calculator: https://insiderguides.com.au/cost-of-living-calculator/</i></p> <p>~\$2000 if purchasing textbooks, other course material (costs that can be likely avoided with libraries, digital textbooks etc)</p>

APPLICATION REQUIREMENTS	<ol style="list-style-type: none"> Completed bachelor's degree Completed degree with cumulative GPA of roughly 2.7 / 4.0. The GPA will be based on your most recently completed degree. The Faculty of Medicine recommends that students prepare themselves for the MD by undertaking undergraduate, second-year university-level courses in anatomy, physiology, and biochemistry. All Doctor of Medicine applicants need to have successfully completed two subject prerequisites or equivalent courses (above). Admissions test Must have achieved a minimum MCAT score of 504. Must be completed within 4 years of the program's commencement. Interview Performance in a multiple-mini-interview (MMI) via video conference. MMIs are a values-based recruitment method whereby applicants move through a circuit of stations, with different interviewers asking questions and scoring the applicant's performance. The MMI aims to assess the applicant's non-academic qualities, such as empathy, integrity, adaptability, and verbal communication skills. 	<ol style="list-style-type: none"> Completed bachelor's degree A bachelor's degree completed not more than 10 years before the course commencement date, with a minimum final weighted GPA of 2.7/4.0 (based on your final 3 years of your most recent bachelor's degree). Admissions test MCAT score of 125 or greater in each section. GAMSAT will also be accepted with minimum of 50 in each section. MCAT or GAMSAT scores must be obtained in the two years preceding the year of application. If you apply to the Main Round, you must have a completed MCAT to be considered for an interview. Interview Deakin will hold interviews via Skype from early March to late July. Additional rounds will be held in August and September, and if the program has not filled, the university will hold interviews in October.

HBA	Monash University	Macquarie University
LOCATION (State)	Melbourne, Victoria	Sydney, New South Wales
WEBSITE	https://www.monash.edu/medicine/som/grad-entry	https://www.mq.edu.au/about/about-the-university/faculties-and-departments/medicine-and-health-sciences/macquarie-md
WHY THIS SCHOOL?	<p>Monash University has achieved national and international reputation for research and teaching excellence and is ranked in the top 1% of world universities.</p> <p>The Monash School of Medicine is recognized for providing a comprehensive and interdisciplinary approach to medical training. The Faculty of Medicine, Nursing and Health Sciences is Monash's largest research faculty and has established a reputation for the quality and impact of its research in health care and the biosciences. Beyond basic science, Monash has a very clear focus on translational research: taking frontier scientific discoveries and converting these into measurable human health benefits.</p>	<p>Australia's newest medical school</p> <p>As a Macquarie medical student, you'll study at MQ Health—Australia's first university-led integrated health campus—where learning is fully integrated with outstanding patient-centred clinical care, and high-quality health and medical research. Structured Australian and international clinical experiences are embedded throughout the program, giving you the opportunity to experience different health systems, cultures, and clinical presentations.</p>
NUMBER OF YEARS	4 (graduate-entry) Also has undergraduate entry 5-year option. See https://oztrekk.com/programs/medicine/ for more info	4 (graduate-entry) Also has undergraduate entry 6-year option. See https://oztrekk.com/programs/medicine/ for more info
PRE-REQUISITE REQUIREMENTS	<p>The degree must consist of significant and broad biomedical science content (for example anatomy, physiology, immunology, biochemistry, microbiology or genetics) to be eligible for consideration. The university is looking for students to have considerable biomedical science experience in a degree, as outlined on the Monash website (worth 40%).</p> <p>The university requires students to have completed a minimum of 5 of the following units:</p> <ul style="list-style-type: none"> • BCH2011: Structure and function of cellular biomolecules • BCH2022: Metabolic basis of human diseases • DEV2011: Early human development from cells to tissues • DEV2022: Principles of organ and body design • GEN2052: Genomics and population genetics • IMM2011: Basic Immunology: The body's defense system • IMM2022: Immunology in health and disease • MIC2011: Introduction to microbiology and microbial biotechnology • MIC2022: Microbes of health and disease • MCB2011: Molecular Biology: Genes and their expression • MCB2022: Molecular biology: gene technology and its application • PHA2022: Drugs and society • PHY2011: Neuroscience of sensory and control systems in the body • PHY2032: Endocrine control systems • PHY2042: Body systems physiology 	<p>Prerequisites include human anatomy and human physiology. Please note, human anatomy does not require human cadaver lab experience.</p>
APPLICATION REQUIREMENTS	<p>1. Completed bachelor's degree Completed bachelor's degree with a cumulative GPA of roughly 3.3 out of 4.0 over all years of study.</p> <p>Monash does not need your final academic transcript at the time of application as conditional offers can be issued; however, final transcripts will be required should you wish to accept your offer.</p> <p>2. Interview The multi-mini-interview (MMI) stations comprise a series of scenarios and associated questions focusing on an applicant's relevant personal qualities including motivation, communication skills, critical thinking, and ethical/empathetic reasoning (worth 50%). At each station, you'll be interviewed for 8 minutes followed by 2 minutes for scoring and changeover (10 minutes per station) with a "circuit" taking 40–50 minutes to complete.</p> <p>3. Situational Judgement Test (SJT) Shortlisted applicants will also be required to complete an online situational judgement test (SJT), which presents the test-taker with realistic, hypothetical scenarios and asks them to identify the most appropriate response or to rank the responses in the order they feel is most effective. You will be allocated up to 90 minutes to complete this test. Situational judgement tests assess your ability to choose the most appropriate action in a given situation (worth 10%).</p> <p>Important note: All applicants are only required to attend the MMI and/or SJT once. Those who are re-applying for this course and have previously attended the MMI and/or SJT for this course are not required to attend the MMI and/or SJT again.</p>	<p>1. Completed bachelor's degree Completed bachelor's degree in any discipline with GPA of roughly 2.7 out of 4.0.</p> <p>2. Admissions test Must have achieved a minimum MCAT score of 500, completed within 3 years of intended enrolment. GAMSAT will also be accepted with minimum of 50 in each section.</p> <p>3. Interview Applicants are selected for interview based the following criteria:</p> <ul style="list-style-type: none"> Performance in a qualifying degree (as indicated by GPA) Performance in MCAT / GAMSAT Performance in the Personal Statement Meeting English language requirements <p>Macquarie University uses the Personal Statement as a hurdle, then ranks applicants based on a selection rank derived from a 50 / 50 combination of weighted GPA and overall MCAT / GAMSAT score.</p> <p>If selected, you will need to attend and perform a multiple mini-interview (MMI). Interviews may be conducted via Skype or similar platform.</p>
INTERNATIONAL SPOTS	15 out of 80 total spots	20 out of 60 total spots
ESTIMATED ANNUAL TUITION (AUD) <i>cost of tuition can rise 3% – 5% each year of the program</i>	\$79,700 AUD (2020 fees; subject to increase)	\$76,000 AUD (2021 fees; subject to increase)
ADMISSION TIMELINE	<p>Next Intake for February 2023 (Contact Oztrekk for details)</p> <p>*Applications for the 2022 intake closed July 22, 2021</p>	<p>Application Deadline: September 30, 2021. Applications are assessed on a rolling-admission basis (first come, first served)—the earlier you apply the better.</p> <p>Interviews: Rolling interviews throughout 2021</p> <p>Last day to sit MCAT: September 11, 2021</p>

UNIVERSITY NAME	Griffith University	Flinders University
LOCATION (State)	Gold Coast, Queensland	Adelaide, South Australia
WEBSITE	https://www.griffith.edu.au/study/degrees/doctor-of-medicine-5099	https://www.flinders.edu.au/study/medicine
WHY THIS SCHOOL?	UQ is set among native bushland and is located just minutes from the pristine beaches of the famous Gold Coast. Widely acknowledged for its strengths in health studies, Griffith boasts state-of-the-art facilities, including the \$136-million Griffith Health Centre, co-located with the Gold Coast University Hospital.	recognized as a leader in medical education and universities worldwide have adopted its medical curriculum. It's co-located with Flinders Medical Centre at Bedford Park, providing early patient contact and the opportunity for students to interact with and treat real patients. As a Flinders medical student, you'll gain hands-on experience from your first week in the program. As a graduate, you will be work-ready and prepared for your hospital internship. The Doctor of medicine program has been rated five stars in medicine for student engagement, learning resources, and teaching quality. Flinders University is also ranked No. 1 in Australia for full-time employment in medicine (The Good Universities Guide 2020 – postgraduate).
NUMBER OF YEARS	4 (graduate-entry) Also has undergraduate entry 6- year option. See https://oztrekk.com/programs/medicine/ for more info	4 (graduate-entry) Also has undergraduate entry 6- year option. See https://oztrekk.com/programs/medicine/ for more info
PRE-REQUISITE REQUIREMENTS	None	None
APPLICATION REQUIREMENTS	<ol style="list-style-type: none"> Completed bachelor's degree Must have a completed bachelor's degree with a minimum overall GPA of roughly 2.7/4.0. Griffith encourages candidates from all degree backgrounds. Admissions test Must have achieved a minimum MCAT score of 123 in each section. Scores must not be more than 2 years old at the time of application. GAMSAT with a minimum of 50 in each section will also be considered. Interview Performance in an interview via Skype, generally scheduled for June, August, and October each year. 	<ol style="list-style-type: none"> Completed bachelor's degree GPA is calculated using weighted grade point average, calculated on the last three full-time years of your degree. For students in a 4-year degree, the weighting will be calculated by final year x3, third year x2, second year x1. Your first year will not be included in this calculation. Admissions test MCAT within the last 2 years at the time of application with minimum of 123 in each section to be considered. GAMSAT score from the current or preceding two years with minimum standard of 50 in each section. Interview Performance in an in-person interview (Toronto or Vancouver). Interviews are generally scheduled for May and August. Selection for interview is based largely on performance on the admissions test. Final ranking is determined by combining scores for the test, performance in the first degree and personal qualities, as assessed at interview. If you're selected for an interview, you'll be presented with a common set of questions, often including scenarios. Interviews are designed to assess whether you have the qualities to succeed at medical school and in a medical career. Communication skills, Quality of motivation, Decision-making, Learning style, Pro-social attitude, Personal management

FINANCIAL ASSISTANCE

<p>FINANCIAL AID</p>	<p>Canadian students who study outside Canada are eligible for loans provided by the federal government through the Canada Student Loans Program, in addition to loans provided by their province of residence.</p> <p>All of OzTREKK's Australian universities are included on Canada's "List of Designated Educational Institutions." If you attend one of these universities, you are eligible for a government student loan in Canada.</p> <p>In Canada, there are two main categories of government student loan programs:</p> <ol style="list-style-type: none"> 1. The federal program, called the Canada Student Loans Program (CSLP); and 2. provincial and territorial programs. <p>The Canada Student Loans Program provides up to \$210 per week of full-time study per loan year (Aug. 1 to July 31), for students studying internationally. Additional loan money is granted by most provinces; however, the Ontario Government does not provide any province-based funding for Ontarians who wish to study internationally (students from Ontario can access only the \$210/week from the Canada Student Loans Program).</p>
<p>UNI-SPECIFIC ADMISSION GUIDE (by Oztrekk)</p>	<p>APPLY TO ANY OF THESE SCHOOLS THROUGH OZTREKK</p>
